# «Queen»

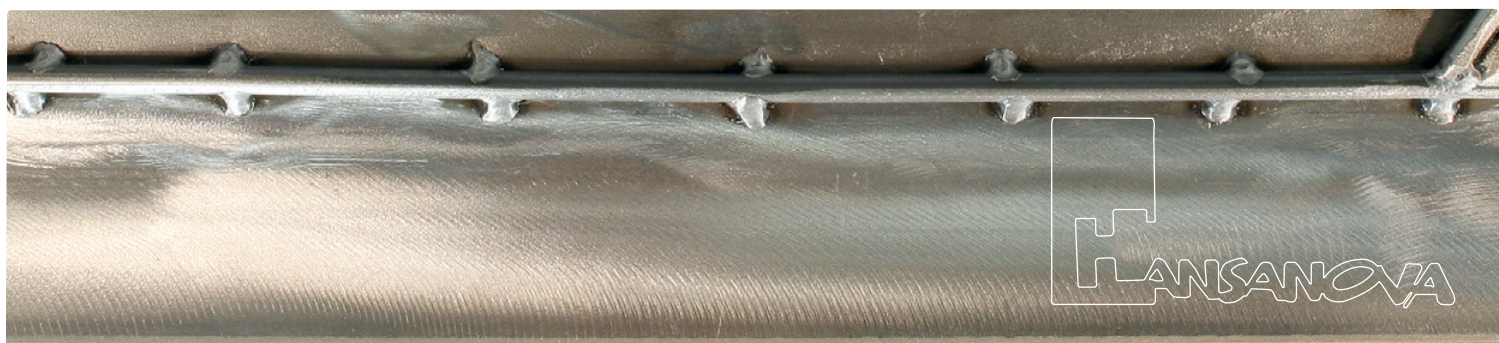

The source of inspiration for this divan is the classic canapé form. It allows one to sit or recline (lie down). The divan seats up to three people. The majestic form is well-suited to formal rooms and can be the piece de resistance of one's living room. The form can be appreciated from all sides. The body is steel, and the seat is soft upholstery. A selection of colour and covering fabrics is available.

**Designers: Kalle Pruuden, Soho Fond**
