## «Mass»

This table features a strong and mobile desktop. Developed for use as a work desk in a studio or workshop, it also makes a good dining room table where a higher surface is desired. The body is made of steel, and the table top of glulam. Its solid appearance is deceiving as it can be moved and manoeuvred easily. The wheels can be locked into position.

**Designers: Kalle Pruuden, Soho Fond**

**Manufacturer: HN Steel OÜ**
